

SIMs Parent App – Oct 2021

Following Assessment 1, all Key Stage 4 and Post 16 Progress Reports will be issued on the school SIMs Parent App, this half term.

If you are already on the App, then you will be able to retrieve your daughter's Assessment 1 marks and grades.

If you have not yet activated the App, then you must ensure that the school has a live and contactable email address on our system for you.

You have been sent a link which should activate your daughter's account, if you have the SIMs Parent App downloaded onto your mobile phone.

This link has been sent to the email address that you have registered with the school. Please ensure you check all emails folders, including your Junk folder for this link.

If you feel you require further assistance on this, please contact the school office.
