

21st October 2022

Dear Parent/Guardian,

Your daughter is sitting a Chemistry Unit 1 module exam on Tuesday 22nd November 2022. This is a Year 11 exam that she is repeating to improve her grade or if she was absent for the examination in May 2022.

To support her there will be afterschool revision sessions taking place every Tuesday and Thursday from 3.30pm to 4.30pm in Mrs McHugh's classroom. I would encourage her to attend. They will start on Tuesday 25th October and will run until the exam on Tuesday 22nd November.

She should bring her Year 11 Chemistry notes to these sessions and practice examination papers will be provided.

Details of the examination content can be seen on the specification which she was given in September 2021. The specification and past examination papers can also be downloaded from the CCEA website.

If you have any queries regarding the above, please contact Mrs McHugh.

Please complete and return the slip below to Mrs McHugh on Tuesday 25th October 2022.

Yours sincerely

Mrs P. McHugh (Head of Chemistry)
