Important Information on Special Provision

Please read the following notes before completing and submitting this form.

- Each school using the GLA Entrance Assessment as part of its admission procedures for Year 8 in September 2023 has published Admissions Criteria which set out the circumstances in which a parent/guardian may apply for Special Provision for his/her child. Please read these criteria to check that they are applicable to your child.
- If your child will be registered in a primary school in N.Ireland on or before 4^h February 2023, please ensure Form SP1 and relevant supporting documentation is attached to your child's Transfer Application to the Education Authority.
- If your child is moving to a primary school in N.Ireland after 4^h February 2023 or will be transferring directly from a primary school outside N.Ireland, you should inform Education Authority Post Primary Admissions Office of your intention to apply to the schools of your choice. If these schools are using the GLA Entrance Assessment as part of their admissions procedures, you are advised to establish if there is still time for a Special Provisions application to be completely processed within the EA transfer process timeframe. If there is, complete Form SP1 and attach it and all relevant documentation to the Transfer Application to the Education Authority.
- In making your application for Special Provision, you are required to provide verification of the information you send to the schools of your choice. This verification should come from your child's primary school or from medical or other professionals who have been involved with your child.
 - If you are applying for Special Provision on the grounds that your child has received at least half of his/her education in a primary school outside N.Ireland or you are transferring directly from a school outside N.Ireland, you should obtain a letter on school headed notepaper from your child's current primary school signed by the school Principal which states your child's date of enrolment.
 - If you are applying for Special Provision on the grounds that your child was unable to take the GLA Entrance Assessment or the GLA Supplementary Assessment due to serious medical problems or for another valid reason or has not attended primary school for a substantial period of time in Key Stage 2 due to serious medical problems or for another valid reason, you should provide a letter from your child's GP or Medical Consultant or another appropriate professional indicating the nature of the serious medical problems or reason for the absence and/or how it prevented him/her from taking either assessment.

What happens next?

When the Transfer Application Form SP1 and the required documentation, as described above, is received at the school of your choice from the Education Authority:

- The school will check that the form is fully completed and that all of the documents have been appropriately verified before sending you a receipt for your application.
- The school will examine your application for Special Provision and inform you whether further assessment of your child's ability is necessary to provide the school with sufficient evidence to assess your application for a place.
- If a further assessment is required, the school will arrange an agreed date for this assessment. The assessment will be administered by a suitably qualified person and you will receive a report on your child's assessment outcomes.
- The school will consider your application for a place for your child along with the applications from other children.
