

3rd February 2023

Dear Parent / Guardian,

You are invited to attend our **Post 16 Information Event** along with your daughter on **Friday 10th February, 1:25-3:25pm in the School Assembly Hall**. The aim of this event is to enable your daughter to make informed choices regarding her future career and subject choices.

You will have an opportunity to speak to subject teachers, pupils and subject ambassadors, currently in employment or in third level education and to find out about outreach and enrichment programmes offered in Loreto. The information booklet distributed at the Post 16 Information Event will also include reference to courses offered through The Omagh Learning Community and University Entry requirements. Mr Wilson, Head of Careers Department will be available to offer advice on third level courses and career choices.

In addition, information will be available on Education Maintenance Allowance and the application process.

I thank you for your support and trust you find the Post 16 Information Event an informative forum for enabling your daughter to decide her career pathway following GCSEs.

Yours sincerely

Mrs S Cullinan

Principal
